

# *XII<sup>th</sup> AATM Congress*

*(XII<sup>th</sup> Annual Conference of Asian Association of Transfusion Medicine)*

# *IX<sup>th</sup> BBTST Congress*

*(IX<sup>th</sup> National Congress of Blood Banking & Transfusion Centers of Turkey)*

*Maritim Pine Beach Resort Hotel Antalya / Turkey  
2-6 April 2016*

## CONTENTS

	Author	Pages
Milestones in The Progress Journey of Blood Banking	Gamal Gabra	26
Current Status in Afghanistan	Ahmad Masoud	*
Current Status in Bangladesh	Ashadul Islam	*
Current Status in Bhutan	Makrukh Getshen	30
Current Status in Iran	Ali Akbar Pourfathollah	35
Current Status in India	Nidhi Mehta	40
Current Status in Mongolia	Namjil Erdenebayar	45
Current Status in Maldives	A B Milza	*
Current Status in Nepal	Manita Rajkamikar	48
Current Status in Pakistan	Farrukh Hasan	51
Current Status in Sri Lanka	Indica de Silva	*
Current Status in Turkey	N. Nuri Solaz	54
Genetics of Blood Group Antigens	Duran Canatan	57
How to Resolve Antibody Problems? Which Tests Do We Have?	Davut Albayrak	64
Problems Related with Blood Grouping and Crossmatching	Güçhan Alanoğlu	68
Pathogen Inactivation: Today & Future	Rebecca Yeung	75
Different Algorithms for Blood Donor Screening Test	R.N. Makroo	76
Which Type of Safety Precautions: Donor Selection, Screening Procedures or Viral Inactivation?	Nabajyoti Choudhury	*
Rare Blood Phenotype: Ethnic Variation and Current Situation of Rare Donor Registry in Asia	Hülya Bilgen	79
Partial D and Weak D: Picking Up the Rh(esus) Pieces	Susan T. Johnsons	81
Non-Invasive Prenatal Methods for Fetal RhD Genotyping	Özgür Çoğulu	83
Molecular Technics in Blood Grouping, Serologic and Molecular Test Discrepancies	L. Tufan Kumaş	85
Türkök Project: From the View of Ministry of Health	Medine Haşuçuhadar	88
Türkök Project, Donor Registry	Şenay Canpolat	90
Social Media in Donor Acquisition	Metin Kalender	94
Mesenchymal Stromal Cells: Are They Ready for Clinical Use? An Update	Naynesh Kamani	96
AABB 2016: Meeting the Challenges in Blood Banking and Transfusion Medicine?	Sue Johnson	*
CT Initiatives at AABB: Standards, Accreditation and Education	Naynesh Kamani	97
What Type of Standards? National or Regional or International	Ayla Yavuz	98
Quality Risk Management in Blood Banking and Transfusion Medicine	Ayşe Esra Karakoç	107
Medical Graduate & Post Graduate Education	Graeme Woodfield	*
Education for Nurses & Technicians	N. Nuri Solaz	109
Component Production: How Many, When & Why?	Sadhana Mangwana	112
Plasma Collection and Usage (Preparation for Fractionation)	Harprit Singh	*
Last Ten Years in Plasma Fractionation	Rajeet Singh Ajmani	118
The Implementation & Progress of Plasma Fractionation in Turkey	Ünal Ertuğrul	122
Patient Blood Management: What & How?	Fevzi Toraman	135
Haemovigilance: Just the Basics	Mustafa Nuri Günçikan	137

Implementation of National Haemovigilance System	Meral Sönmezöğlü	150
Haemovigilance: Effective But Only Part of the Story	James T. Perkins	153
Pooled Versus Apheresis Platelet Concentrates	Mehmet Yay	157
Information Technologies for Apheresis Machines	F. Yüce Ayhan	164
Therapeutic Efficacy of Granulocyte Apheresis	Ekrem Ünal	167
Validation Process of Apheresis Instrumentation	Servet Uluer Biçeroğlu	172
Cellular Manipulations in Haematopoietic Stem Cell Transplantation	Ercüment Ovalı	176
Extracorporeal Photopheresis	Gülyüz Öztürk	*
Hb Triggers and Single-Unit Transfusion	Astrid Norgaard	179
Use of Transfusion Alternatives in Elective Orthopaedic Surgery	Cynthia So-Osman	180
Implementation of PBM in the UK	Rebecca Gerrard	*
Country Models	Mahendra Singh Chauhan	*
Blood Bank Regulatory Frame Work in Asian Countries	Sangeeta Pathak	181
Cost, Price & Budgets in Blood Banks	Amit Agrawal	186
Status of TTI Screening & Blood Safety in AATM Countries	Anil Disanayake	*
Yield of NAT: Data & NAT Algorithm in Turkey	Levent Hayat	188
Does Testing Kit Sensitive Enough to Pick Up Local Variant of Infection Markers?	Ankit Mathur	*
Way Forward to Bring Blood Safety From TTI Transmission	Zhu Ming	*
What are the Advantages and Disadvantages of Universal Leukoreduction	Berrin Uzun	192
Current Status of Bacterial Contamination of Blood Components	İ. Yaşar Avcı	196
Trim: Importance and Preventive Strategies	S. Haldun Bal	204
Massive Transfusion	Nil Güler	211
Blood Transfusion Practice in Pregnancy and the Neonatal Period	Ece Gül İbrişim	213
Blood Banks Working with Transplantation Clinics	Nurhilal Büyükkurt	219
<b>Oral Presentations</b>		<b>228</b>
<b>Poster Presentations</b>		<b>254</b>
<b>Index</b>		<b>388</b>
